

## 44 landfills in SF bay have been closed except **3** in San Jose: Newby Island, Zanker, and Guadalupe Landfill

### Create an Ordinance to Oust San Jose Urban Landfills

\*Newby landfill is pursuing a massive expansion:

- From 150ft to 245ft in height
- Add 15.8 MCY in capacity
- Estimate closure year from year of 2025 to year of 2041 or many years later

\* Zanker landfill expansion approved in 2014 by San Jose government

\* Guadalupe landfill estimate closure year in 2064 or later (almost one century)

The facts show a clear picture that San Jose government is very much in favor of urban landfills. This is the root of all garbage problems. To solve it, we have to unite and start from

### Stopping URBAN LANDFILLS

Silicon Valley residents deserve clean air, water, and soil
